By joining the meeting, you will learn more about the roles available and how you can get involved in Rotary's exciting and rewarding youth activities.

Specifically, we are planning to organize a Summer Camp and/or Leadership Seminar for youth in Longyearbyen during the summer of 2026 or 2027. The duration may range from a long weekend to a full week.

The Summer Camp is aimed at youth aged 15–30 and will be open to participants from all over the world. We also aim to have leaders who are either local or come from anywhere around the globe.

Arne, Solveig, and Ellen are looking forward to meeting you. If you have any questions, feel free to get in touch by phone, email, or Messenger.

We look forward to meeting you!
